

2024 Madison Parish Hazard Mitigation Plan Update

Executive Overview

November 3, 2023

The Hazard Mitigation Plan: What is in it for us?

Hazard Mitigation Is...

- Any action taken to reduce long term risk to life and property;
- On-going process that occurs before, during, and after disasters;
- Mitigation actions help prevent damage to a community's infrastructure, economic, cultural and environmental assets;
- Minimize operational downtime and accelerate recovery of government and the private sector after an event;
- ***Implementation of mitigation actions leads to building stronger, safer and smarter!***

Why Have a Hazard Mitigation Plan

- Planning efforts help our communities become more sustainable and disaster-resilient
 - Focuses efforts on the hazards, disaster-prone areas and identifying appropriate mitigation actions for future projects
- Must have a FEMA approved plan as a condition for receiving certain types of non-emergency disaster assistance
- **No Plan = No Mitigation Money = No Project Funding**

Plan Update Requirements

- The plan must be updated every 5 years
- Must be multi-jurisdictional
 - Include community representatives as well as academia, private business/industry, and non-profit groups as stakeholders
- Re-assess hazard identification and risk assessment
 - Consider any changes since the last plan update, and address events that have occurred since the last plan;
- Incorporate local planning efforts;
- Report mitigation strategy (projects) progress and discuss adjustments;

Federal Requirements

- Disaster Mitigation Act of 2000 (DMA 2000)
 - **Section 322** of the Act specifically addresses mitigation planning and requires state and local governments to prepare multi-hazard mitigation plans as a precondition for receiving FEMA mitigation project grants.
- Title 44 Code of Federal Regulations (CFR) §201.6 for FEMA approval and eligibility to apply for FEMA Hazard Mitigation Assistance

The Planning Team: A Multi-Jurisdictional Approach

- Each jurisdiction will have at least one representative on the planning team
 - This representative will need to gather data requested by the planning team, collect feedback and input into the plan.
- Each jurisdiction is responsible for verifying and/or updating **Capability Assessment, NFIP, Jurisdiction-owned Building Inventory, and Vulnerable Population data** for the plan
- Each jurisdiction is responsible for **updating mitigation actions** and **proposing new actions** for the update

Hazard Identification and Risk Assessment

- Flooding
- Levee Failure
- Sinkholes
- Thunderstorms
- Tornadoes
- Tropical Cyclones
- Wildfires
- Winter Weather

Plan Update Process Timeline

Plan Approval Timeline

Plan Adoption

- Each jurisdiction **MUST** adopt the final plan once it is approved by FEMA
- Parish council and city council resolutions must be adopted, signed, and placed into the final planning document.

RESOLUTION NO.2018-6A
A RESOLUTION OF THE MADISON PARISH POLICE JURY
AUTHORIZING THE ADOPTION OF THE MADISON PARISH ALL-HAZARD MITIGATION PLAN

WHEREAS, all of Madison Parish has exposure to natural hazards that increase the risk to life, property, environment and the Parish's economy; and

WHEREAS, pro-active mitigation of known hazards before a disaster event can reduce or eliminate long-term risk to life and property; and

WHEREAS, the U.S. Congress passed a Disaster Mitigation Act of 2000 emphasizing the need for pre-disaster mitigation for potential hazards; and

WHEREAS, the Disaster Mitigation Act made available hazard mitigation grants to State and Local Governments; and

WHEREAS, an adopted Mitigation Plan is required as a condition of future funding for mitigation projects under multiple FEMA pre- and post-disaster mitigation grant programs; and

WHEREAS, the Madison Parish Office of Emergency Preparedness has completed a planning process assessing the risk and vulnerability to the impacts of natural hazards, develops a mitigation strategy consistent with the uniform goals and objectives, and creates a plan for implementing, evaluating and revising this strategy.

NOW, THEREFORE, BE IT RESOLVED that the Madison Parish Police Jury;

- 1) Adopts, in its entirety, the Madison Parish All-Hazard Mitigation Plan (the "Plan") as the jurisdiction's Natural Hazard Mitigation Plan, and resolves to execute the actions identified in the Plan that pertain to this jurisdiction.
- 2) Will use the adopted and approved portions of the Plan to guide pre- and post-disaster mitigation of the hazards identified
- 3) Will coordinate the strategies identified in the Plan with other planning programs and mechanisms under its jurisdictional authority

AN EQUAL OPPORTUNITY EMPLOYER • A DRUG-FREE WORKPLACE

The Final Product

- FEMA approved Hazard Mitigation Plan
 - Meets requirements of Title 44 Code of Regulations (CFR) §201.6 for approval and eligibility to apply for FEMA Hazard Mitigation Assistance grant programs.
 - A hazard mitigation project strategy for each jurisdiction
 - A comprehensive list of jurisdiction owned properties
 - Assessment of natural disaster-related risks and vulnerabilities

Next Steps

- Identify Planning Committee Members
 - At least one representative from each community
 - Representatives of underserved communities
- Identify Neighboring Community
 - East Carroll Parish was used in previous plan
- Parish Seal/Logo
- Dates for Next Meetings
 - Initial Planning Committee Meeting
 - Mitigation Action Workshop (Optional)
 - Risk Assessment Review with Committee
 - Public Meeting
